

## B & E IN BRIEF #2

**Your vote matters-**

***It's time to VOTE!***

### *Local B&E funds are more important than ever*

- The statewide ballot measures failed
- That means more cuts to school budgets
- Local Parcel Tax measures provide money ***the State can't take away***

### *B&E will mitigate – but not eliminate – District cuts*

- Even under the most optimistic scenario, at least \$925,000 will be cut (from a total \$27MM budget)
- Layoffs will happen
- Class sizes will be larger than they have been over 12 years

### *Support is great – but your “Yes” VOTE is what counts!*

Thanks to those who have voted already! But the outcome of this election is by no means secure.

- Voting by mail NOW guarantees your vote will count
- Put June 2 on your calendar NOW if you vote in person.  
*Make sure you get to the polls!*
- Don't rely on others to make it happen  
*In a city of 8,000 voters **every vote matters!***

### *How YOU can help:*

1. Vote by Mail NOW – or in person on June 2
2. **Share your personal reasons for supporting B&E with 2 neighbors**
